Setting Up Your System

Press and hold the **S** button for 3 seconds to enter the SET mode. After all settings are finished, press and hold the **S** button for 3 seconds to turn off the meter.
Press ⬆ or ⬇ to reach the correct value. Press and hold ⬇ to scroll faster.

Adjusting the Date and Time

Step 1 Entering the SET Mode

Press and hold the **S** button for 3 seconds to enter the SET mode. After all the segments flash across the screen, the 'SET' will be displayed on the screen.
Press the **S** button again to progress to the next step.

Step 2 Setting the Year

Press and release ⬆ or ⬇ to adjust until the correct year appears. Press and hold ⬇ button to scroll through the numbers quickly. After setting the year, press the **S** button to confirm your selection and progress to the next step.

Step 3 Setting the Month

A number indicating the month will be blinking on the left corner of the screen.
Press ⬆ or ⬇ until the correct month appears. Press the **S** button to confirm your selection and progress to the next step.

Step 4 Setting the Date

Press ⬆ or ⬇ until the screen displays the correct date. Press the **S** button to confirm the date and progress to the next step.

Step 5 Setting the Time Format

The meter can be set in the AM/PM 12-hour or the 24-hour clock format. Press ⬆ or ⬇ to select a format. The AM • PM symbol is not displayed in the 24-hour format.
After selecting the format, press the **S** button to progress to the next step.

Step 6 Setting the Hour

Press ⬆ or ⬇ until the correct hour appears. After the hour is set, press the **S** button to progress to the next step.

mmol/L

09-24 12:00 PM

Step 7 Setting the Minute

Press ⬆ or ⬇ until the correct minute appears. After setting the minute, press the **S** button to progress to the next step.

mmol/L

09-24 12:37 PM

Setting the Sound On/OFF

Step 8

On pressing ⬆ or ⬇, the screen will display On or OFF. Press the **S** button to confirm the selection.

On
bEEP

The meter will beep in the following instances if set to On.
• When you push the **S** button or ⬆ button to turn on the meter
• When the test strip is inserted in the meter
• When the blood sample is absorbed into the test strip and the test starts
• When the test result is displayed
• When you push the ⬆ button to set the post-meal (PP2) alarm
• When it is time for a preset blood glucose test

OFF
bEEP

If the sound is set to OFF, none of the sound functions will work.

To confirm all settings, press and hold the **S** button and the screen will switch off.

Note:
• 🔇 symbol is displayed only when the sound is set to OFF.
• At any stage, press the **S** button for 3 seconds to exit SET mode and turn off the meter. Press and hold ⬇ to quickly scroll through the numbers.
